About Us

GazMin MediPharma is a well-established entity with a highly experienced management team and has been considered a reputable company with distinguished principles. We have an exceptional record of service to our clients, with motive of delivering high quality healthcare products and services around the world. The purpose of our establishment is to provide safe and reliable medical supplies so that people can benefit from and live a healthier life.

GazMin MediPharma transpires from the umbrella of GazMin International - Dubai (www.gazminintl.com) who have been in business of Project Management and Finance Consultancy for over a period of 20 years in sectors of Infrastructure, Oil & Gas and Minerals and HealthCare projects.

One of the most distinguishing and defining aspects of GazMin MediPharma is that we have specialized in medical product distribution through globally renowned manufacturers and pharmaceutical companies and have been the distributors of various medical products, medicines and equipment's to more than 18 countries and regions around the world. We supply medical products ranging from Pharmaceutical Products, Hospital Equipments, Hospital Supplies, Instruments, API, Vaccines, Anesthesia & Respiratory Products, Suction Machines, Protective Clothing & Wares, Infusion Care, Surgical Products & Instruments, Nursing consumables, Laboratory Consumables, Sterilization & Disinfection Products, Wound Care Products, Emergency & First Aid Products, Digital health, Hospital Hardware Equipment and much more.

Our medical products and equipment's come from trusted suppliers and manufacturers, offering the most affordable prices for the highest quality products. We provide high quality health care products and innovative health care solutions.

All medical products that we procure from our manufacturers have the requisite medical qualifications. The exported products have eligible certificates and CE, ITS, TUV, SGS, BSI, ICS and FDA certifications are issued by the certificate issuing agencies.

What We Do

Through our unified network of manufacturers and suppliers in the healthcare sector, we have relations with exceptional producers of Pharmaceutical Products, Hospital Equipment, Hospital Furniture, Protective Clothing & Wares, Vaccines, Anesthesia & Respiratory Products, Suction Machines, Infusion Care, Surgical Products & Instrument, Sterilization & Disinfection Products, Wound Care Products, Emergency & First Aid Products, Dental Consumables, Hospital Hardware Equipment, Medical Equipment and much more.

We cater to a wide range of products for hospitals, doctors, clinics & polyclinics, surgeons and to long- term care & home care facilities for patients at home. Through our network of manufacturers, we sell to distributors / wholesalers, health departments, health ministries and retailers in various countries around the world.

We have a vast experience and expertise to reduce the total cost of healthcare and to improve the lives of patients.

LOGISTICS

We work closely with world-renowned shipping companies and thereby provide our customers fast and safe transport services by land, air and sea transportation management along with appropriate logistics solutions. We have our company staff on ground in all countries of supply who monitor the movement and status of the orders placed and give us timely information.

MISSION

We inspire, hope and contribute to the health-care sector and well-being of countries by providing the finest medical products through an integrated network of manufacturers and intend to reach the optimum commitment of reliability.
