Our Products

The Company

History of Formation

Progene Pharma Private Limited was founded in the year 2006 by two inspiring, hardworking, professionally driven individuals yearning for doing something better in pharmaceutical field. They took oath for fulfilling of their dream for establishing exporting business. They started off with an office at Navi Mumbai, India and there began a struggle in race with already existing stalwarts and a steep climb without any kitbags. But they surely were equipped with a firm, well-defined policy and determination in the noble cause of service towards human and animal (veterinary) healthcare.

Profile

Progene Pharma Private Limited is engaged manufacturing and Export of Pharmaceutical Products both Human and Veterinary Dosage forms along with Herbal, Nutritional and Cosmetics products

The Company covers a long range of Products and activities under the able hands of Marketing and Technical Directors having vast expertise in their respective fields. Pharmaceutical Dosage Formulations are being manufactured under strict vigilance and alert eyes at sites approved as per latest cGMP Standards.

The Company has its Head Office at Navi Mumbai, India and the fast growing twin commercial capital of India. It has already acquired huge orders from foreign countries and the team at Progene Pharma are busy day and night in executing these orders. No sooner the Company establishes itself in pharmaceutical trade than our catch phrase "Landmark in Medicinal Excellence"

Quality is the soul of our products. Purity of soul depicts the very essence of a product. Our quality policy is the guiding light to the maintenance of quality throughout the shelf life of our products. Because, customer's health calls for product health first. It is one of those sensitive factors with which we never compromise.

Vision

We contemplate ourselves to be the front-runner in the march toward achieving undisputed leadership in the field of choice by a proven ability in high quality efficiency and in the undoubted trust by our clients. We believe in healthy competition as it offers us an opportunity to demonstrate our superiority and encourages us to take on the challenge to gallop ahead to shape the future in the right direction.

Our ultimate aim is to provide Affordable, Latest and High Quality Pharmaceutical Formulations, which will benefit "U", the end consumer as we believe that success is not possible without "U".

Company is focused on developing, manufacturing and marketing of a high quality wide range of pharmaceuticals products, OTC / Cosmetic products, Veterinary and Nutraceutical supplements. Our full range of dosage form includes Tablets, Capsules, Soft Gels, Injectables, Eye/Ear drops, Syrups, Powders, Gels, Ointments, Creams, pellets, Nutritional powder and Nutritional flavored diskettes. Our veterinary section includes wide range of specifically formulated products including Bolus, Injectibles, Powders and Feed Supplement. Each designed individually for the specific markets across the world. We have in house facility for getting all the products tested.

The Company's management lead by dynamic leadership who have vast experience of over 25 years in marketing and technical fields and are sensitive to changing customer requirement. Buyers deal directly with Directors to ensure direct dealing in terms of products and services. The Company has a team of highly qualified and professionals who are committed to excellence in terms of product quality, productivity, cost-efficiency and delivery.

Manufacturing Facility

Our Pharmaceutical Formulations are manufactured by our associated companies across India in state-of-art facilities under strict compliance of latest cGMP norms and state regulatory requirements of various countries and are supported with Technical Documents such as Dossiers, Stability data, Validation data and Site master file etc. Our regular production activity sites are under strict monitoring by our highly qualified and trained quality assurance coordinators and that is the real strength of our product quality excellent by par under the able supervision of our team of experts.

To repeat, we give clear preference to best quality ingredients to produce finest finish of products stable throughout their shelf life.

Quality Control

In order to achieve the highest quality product the manufacturing facilities are ably supported by in-process state of the art testing laboratory fully equipped with the latest equipment like GC, HPLC, FTIR Spectrophotometers and Microbiology department to monitor the quality of the products. The quality assurance section works to stringent latest cGMP norms and guidelines besides helping other departments to ensure implementation of the ISO quality system in every activity.

Global Presence

Progene Pharma is a 100 % Export Oriented Company . Several foreign countries are already on the cards including Guatemala, Iran, Panama, Philippines, Ivory Coast, Senegal, Cameroon, Ghana, Nigeria, Congo, Central African Republic, Benin, Guinea, Togo, Burkino Faso, Mali, Cambodia, Myanmar, Vietnam and many more.

Customer Care

A Customer to us is the most important visitor. He is the one who brings us business; the one who cultivates fruits of our utmost hard work, strenuous efforts and deliverance; the one who plays a key role as a partner to our progress towards prosperity and growth; the one whose acceptance enhances our glory and non-acceptance our doom. We exist in the market because of their gratitude. We rule the roost because of their ironclad support. The Customer Care is, therefore, a solitary and mandatory obligation for us. We respect him and honor him in return for his honorable and tender attitude towards us.
